How An Idea Was Born

In a business environment
getting more and more global

Aeropolitical barriers limited ability
for mergers and acquisitions

Airlines had to find other ways to
extend their market opportunities

Creating the world's first global airline
alliance was the way to go

A strong concept has successfully
influenced a whole industry

A Common Vision

Star Alliance was founded with a clear vision in mind:

Vision ***"to be the leading global airline alliance for the high value international traveler"***

Mission ***"to contribute to the long-term profitability of its members beyond their individual capabilities"***

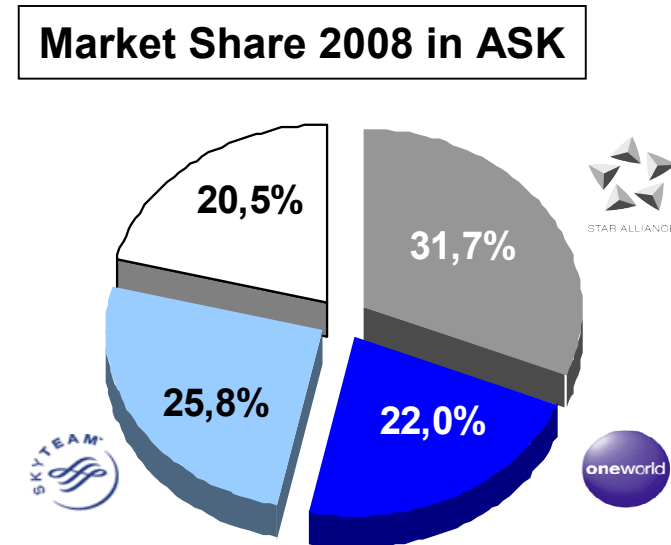

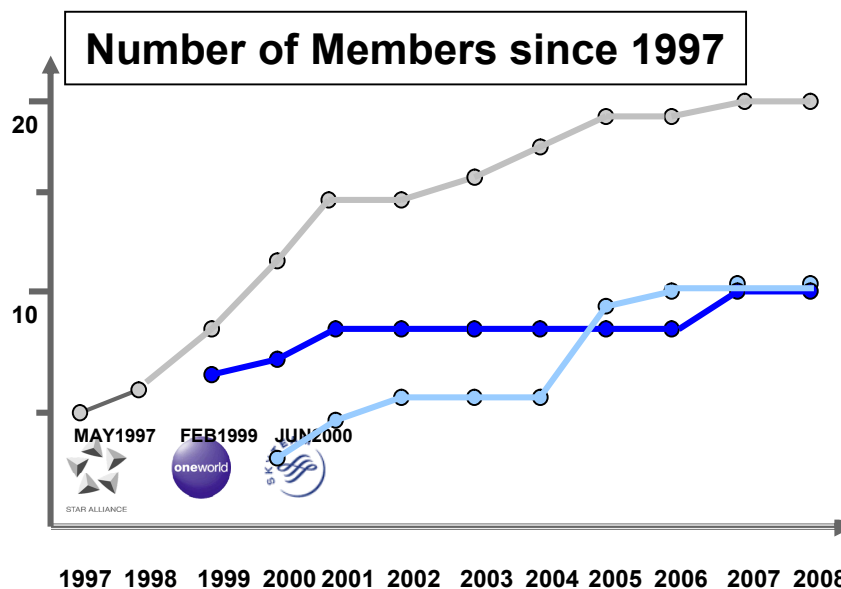

A Global Solution

Over 12 years Star Alliance developed the leading global alliance offer

- 21 quality airlines
- top flight products and services delivered with a cultural flair
- a comprehensive global network

Today more than 2/3 of world aviation are covered by the alliances.

Alliance Benefits

The alliance delivers benefits for our airlines' customers ...

... as well as for the bottom line of our member airlines
